

that division reopens in the new building on February 13, 2024, at 8:30 a.m. Also included in this phase are juvenile cases (delinquency and dependency), Small Claims, Probate, Family Law, Guardianship, Appeals, the Self-Help Center, Human Resources, Family Court Services, portions of the Finance Division, Information Technology Division and Marshal's Office. All courtrooms associated with these cases will also be relocated to the new building and will be open for business on February 13, 2024, at 8:30 a.m.

Commencing February 14, 2024, and continuing throughout the weekend, all operations associated with criminal cases, mental health, traffic, and court collections will begin moving. Limited staffing will be temporarily located in Room 319 until 12 noon on Friday, February 16, 2024, at which time the office will be closed and the drop box may be used. Access to court files/records will be very difficult. The court asks that all persons limit their business with the Criminal Clerk's Office including Traffic, and the Collections Division, if possible, until those divisions reopen in the new building on February 20, 2024. Included in this last phase of the move are felony and misdemeanor cases, mental health cases, traffic cases, remaining portions of Information Technology, Finance, the Marshal's Office, and Jury Services. All courtrooms associated with these cases will also be relocated to the new building and will be open for business on February 20, 2024, at 8:30 a.m. This final phase completes the court's move.

The court asks for your understanding during and after the move. Once staff begin to relocate to the new building on February 7, 2024, all access, either in person, telephonic or electronic will be severely impacted. We will do our best to limit disruption, but it will take time to move and for everyone to adjust to new surroundings and systems in the new courthouse.

A public dedication of the new Redding courthouse will occur in the Spring on a date to be determined. Everyone is invited to participate in this historic Shasta County event.
