

Mutual Aid and Outside Agency Assistance

323.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to deputies in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

323.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Sergeant's office for approval. When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available deputies shall respond and assist in making a lawful arrest. If a deputy receives a request in the field for assistance, that deputy shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by Shasta County Marshal's Office Personnel. Probation violators temporarily detained by this agency will not ordinarily be booked at the County Jail unless contact was initiated with the approval of the Probation Department.

323.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling deputy or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting deputy should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.
