

Homeless Persons

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Shasta County Marshal's Office recognizes that members of the homeless community are often in need of special protection and services. The Shasta County Marshal's Office will address these needs in balance with the overall mission of this department. Therefore, deputies will consider the following when serving the homeless community.

420.1.1 POLICY

It is the policy of the Shasta County Marshal's Office to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

420.2 FIELD CONTACTS

Deputies are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

420.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

420.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the supervisor.

Deputies who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform a supervisor if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the supervisor to address the matter in a timely fashion.

420.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

420.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
